

Dance Theatre of Ireland

Centre for Dance

Modern Dance for 6-12 year olds

In this class your child will be introduced to modern dance exercises and movement, learning short routines and participating in playful movement games and exercises that increase their flexibility, musicality and sense of timing and motion.

The class is designed to nurture individual expression in the children's own movement and encourage their imagination-developing physical confidence along the way.

For children aged 6-12 years

Thursdays 5-6pm
